

Cuddling for charity

MACGREGOR'S Grana-dilla Park was full of teddy bears and their carers yesterday. That was when Year 1 students from MacGregor State School gathered for a teddy bear's picnic.

Donned in red and clutching their favourite cuddly friends, the students also helped raise funds for children's cancer charity Redkite.

The charity provides support for children and young people with cancer and their families, including financial assistance, emotional support and education assistance.
